# Cargill Animal Nutrition

Helping pets and horses thrive

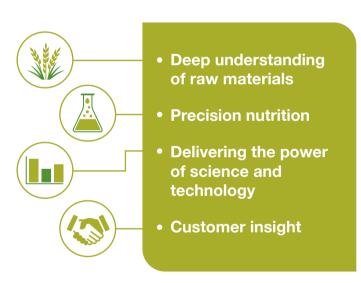

## Global knowledge Researched solutions Local expertise

Looking beyond the horizon – leading with innovation – Cargill Animal Nutrition continuously strive to develop innovative feed and nutritional solutions to enhance the vitality, health and well-being of companion animals and horses.

Cargill Animal Nutrition's (CAN) mission is to promote 'better nutrition for better lives'. CAN strive to achieve this through specific supplements and functional ingredients to support e.g. digestive health, immune function and joint health, for all species.

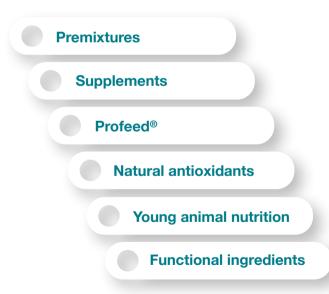

Close relationships with its customers – feed manufacturers, feed merchants, pet care companies, retailers and animal healthcare distributors.

## **Product offering**

Cargill Animal Nutrition has the in-house technical expertise that can use, and apply, the company's global knowledge base to develop products and services that meet the needs of the local market.

## Quality and safety

Globally Cargill Animal Nutrition has 5 dedicated pet and equine premix plants servicing Europe, South Africa and South America. Our knowledge and expertise ensures products are manufactured to the highest quality and safeguards feed safety.

CAN are UFAS and BETA NOPS accredited.
